Re: 2006 Retirement Seminars for College Pension Plan Members

The College Pension Plan is once again offering seminars to plan members. We have attached a copy of the 2006 *Retirement Seminar Application and Schedule* and a notice that explains the seminars to plan members, which you can post in common areas.

All plan members are welcome to attend, including those receiving long-term disability (LTD) benefits; however, the seminars are most beneficial to those within five years of earliest retirement age. We encourage plan members to invite their spouse or partner.

Plan members who wish to attend must complete the application, which is also available on our website at **pensionsbc.ca**. Applications should be submitted at least 14 days prior to the seminar if possible, to allow enough time to confirm attendance. If fewer than 25 plan members register, the seminar could be cancelled or combined with another seminar in that region.

We appreciate your help in providing this information to plan members. Please contact Taunya Hauff if you have any questions at **250 387-8260** or toll free at **1 888 440-0111**, or send an e-mail to **CPPSeminars@pensionsbc.ca**.
