## 5. DUTIES AND RESPONSIBILITIES

5.1 The assignment of full-time and full-time regular faculty is for a ten-month duty period.

- 5.4 Normally, faculty in both Arts and Science and Career disciplines shall accept responsibility for scheduled instructional and office hour assignments through two College terms in ten (10) months of annual duty, including two months of non-instructional duty for instructional faculty. Owing to the nature of their instructional assignments (involving workshops, field work, etc.), faculty in Career disciplines may be responsible for fewer students than Arts and Science faculty are, but the number of student contact hours for Career faculty may be greater than that of faculty in Arts and Science disciplines, and further scheduled instructional responsibility of Career faculty may extend beyond two (2) College terms in ten (10) months of annual duty, as the needs of specific programs and courses may dictate.
- 5.5 Faculty in both Arts and Science and Career disciplines may be given special assignments, including tutorial, enrichment, seminar and conference involvement, and other duties as may be required during the ten-month period of annual duty.
- 5.6 Duties will be assigned by the President or delegate. The detailed establishment of course assignments, instructional and office schedules, vacation schedules, professional development proposals and schedules, and related duties and responsibilities of each faculty member, is the responsibility of the Department Chair, acting with the involvement of the department, and shall be in accordance with established practice. Such assignments, schedules, duties and responsibilities shall be determined and arranged as required by the course and program offering of the College, with consideration for the wishes, special competencies, and professional requirements of faculty. Approval is the responsibility of the Division Chair, or of the appropriate Dean, if there is no Division Chair.
- 5.7 An instructional load shall include an assigned schedule of instructional hours which may include evening assignments to a maximum of two (2) nights per week plus an appropriate schedule of office hours.
- 5.8 When a unique scheduling problem exists, in the first instance it shall be dealt with on an individual basis in accordance with Article 5.6 and failing resolution shall be subject to the provisions of Article 4. of this Agreement.

- 5.9 In the event that the instructional scheduling of the College requires a member of faculty to teach more than two (2) consecutive terms, the faculty member so affected will be returned to a position in the cycling of instructional and non-instructional terms whereby no special advantage or disadvantage will have accrued as a consequence of such scheduling.
- 5.10 Faculty may be required to assist in the counselling, educational guidance, and registration of students.
- 5.11 There will be not more than five (5) days of scheduled duty per calendar week.
- 5.12 There will be not more than a maximum of thirty (30) hours of scheduled duty per week, exclusive of time for meals and breaks.
- 5.13 The College shall ensure that the average instructional load for full-time faculty shall not exceed one hundred and twenty-five (125) students in any given term. An individual faculty member shall not be required to instruct or supervise more than one hundred and sixty (160) students in any given term unless arrangements satisfactory to the faculty member, the Division Chair and the Association are made.
- 5.14 Notwithstanding the foregoing provisions of this Article, faculty may be required to be on duty in other than the ten-month duty period provided that no ultimate loss of vacation entitlement will occur.
- 5.15 The College and the Association endorse the Conflict of Interest Policy passed by the College Board on May 23, 1979, and agree to be bound by the provisions of said policy on the understanding that this policy is not immutable.
- 5.16 The duties and responsibilities of a preceptor shall be determined by the Department Chair or delegate (or by the Coordinator or delegate if there is no Department Chair).

### 11.2 Notice

The College shall notify the Association as far in advance as possible, in writing, of an intended technological change and its potential effect on members of the bargaining unit. Such notice shall be given at least one hundred and twenty (120) days before introducing the intended technological change and shall consist of a detailed description of the change; a proposed implementation date; the approximate number, type and location of faculty members likely to be affected by the change; and the possible effect on working conditions and terms of employment.

### 11.3 Consultation

When the Association has received notice of the intended technological change, the parties to this Agreement undertake to meet within the next thirty (30) days to discuss potential problems and attempt to reach agreement on solutions which will minimize the impact of the technological change on faculty members affected thereby.

- 11.6.1 The Arbitration Board shall decide whether or not the College has introduced, or intends to introduce, a technological change and, upon deciding that the College has introduced, or intends to introduce, a technological change, the Arbitration Board:

11.7 Training

Where technological change may require additional knowledge and skill on the part of a regular faculty member, such regular faculty member shall be given the opportunity to study, practice and train to acquire the knowledge and skill necessary to retain his/her employment, provided the regular faculty member can qualify for the new work within a reasonable training period. ### 22.1 Eligibility

A faculty member who possesses the following qualifications shall be eligible for an early retirement incentive:

- a) is a regular faculty member on continuing appointment at the time of early retirement;
- b) is age fifty-five (55) or over;
- c) has a minimum of ten (10) years' contributory service under the Pension (College) Act or as a regular faculty member with the College;
- d) is on the maximum step of the salary scale
- e) resigns for the purpose of retirement.

### 22.2 Selection Criteria

In considering applications for early retirement incentive from eligible faculty, should the College determine it will be unable to offer an incentive to all who have applied, it will use the following criteria in ascertaining the faculty members to whom such offers should be given:

- a) faculty members with less time remaining prior to retirement shall be given preference; and
- b) in the event that two or more faculty members have the same amount of time remaining prior to retirement, then faculty members with greater seniority shall be given preference.

### 22.3 Application and Agreement

- a) Application to the plan is voluntary. A faculty member who wishes to be considered for an early retirement incentive shall do so in keeping with the procedures and dates described in the College's annual "letter of interest" sent to eligible employees. Such application would then be considered a standing application for the following twelve-month period. Applications must be submitted annually in response to the College's

"letter of interest". The Association shall be advised in writing of all applications made by faculty members.

- b) A faculty member has the right to accept or decline an early retirement incentive offer made by the College within thirty (30) days of the offer being proposed unless that period is extended by mutual agreement.
- c) In the event of acceptance of an offer of early retirement incentive, a faculty member's date of retirement shall be effective on a date mutually agreed upon between the faculty member and the President, in keeping with legislation and the maintenance of full years to retirement upon which the incentive was calculated. All earned vacation entitlements shall be utilized prior to the date of retirement.
- d) The individual early retirement incentive agreement shall be in writing and shall specify the early retirement date, the agreed-upon incentive option, payment dates and specific dollar amount of the incentive. The Association shall be copied on all agreements.

#### 22.4

##### Early Retirement Incentive and Reduction Sequence

- a) Where it is deemed possible to offset the impact of the Reduction Sequence (Article 10.5.4.3) through the offering of early retirement incentive to a faculty member (who qualifies as per Article 22.1 above), an incentive shall be offered if the cost of such incentive is the same as or no more than the cost that would be incurred through layoff or transfer of another regular faculty member.
- b) Such offers may be made at any time during the year and need not be part of the exercise described in Article 22.3 a) above.
- c) Notwithstanding the possibility of effecting an early retirement, advance notification of layoff or transfer pursuant to Article 10.5.4.2 may be given to the affected regular faculty member while the faculty member to whom early retirement has been offered is considering that offer.

#### 22.5

##### Incentive Alternatives and Method of Incentive Payment

###### a) Lump Sum Payments

The retiring allowance shall be paid in annual instalments, to a maximum of three (3) instalments of one-third of annual salary, to be paid on agreed-upon dates acceptable to the faculty member and shall be based on scale salary\* without allowances at the date of retirement (i.e. last day worked) in the following amounts:

Full Years to

Retirement

Pay Out

1	20% of annual salary
2	40% of annual salary
3	60% of annual salary
4	80% of annual salary
5	100% of annual salary

\*This amount could be subject to change by virtue of a new or renewed Collective Agreement that provided a salary increase applicable on the last day worked.

b) Monthly Payments

The retirement allowance determined in keeping with the above shall be paid into a pre-designated Registered Retirement Savings Plan (within legislated allowable levels) or Trust Fund in the name of the retired faculty member, to provide, at the discretion of the retired faculty member, a bridging pension income on or after age fifty-five (55).

Payments into the Plan or Trust Fund shall be made monthly and shall be in the amount of 20% of the retiring faculty member's pre-retirement monthly salary without allowance, and shall continue until the full retirement allowance is paid or, in the case of a Registered Retirement Savings Plan, until the legislated allowable limit for deposit has been reached, whichever comes first. In the event the legislated allowable limit for deposit is reached and payments remain outstanding, the remaining funds will be payable in a lump sum to the retired faculty member in accordance with Article 22.5 a) above.

Payments into the Plan or Trust Fund shall commence on the first (1st) day of the month coincident with, or next following, the date of early retirement. In the event the retired faculty member dies prior to the full retirement allowance being paid into the Plan or Trust Fund, any payments outstanding shall be payable by the College in a lump sum amount to the estate of the deceased.

22.6

Protection of Medical Benefit Coverage

- a) Early retiring employees in receipt of a College Pension may obtain basic medical and extended health benefit coverage through the Superannuation Commission when filing a claim for pension. Appropriate deductions will be made from monthly pension on a premium shared basis.

Note: Pensioners who decline the extended health benefit coverage at retirement will not be eligible for coverage later unless they can prove continuous coverage under an extended health care plan (e.g. coverage under spouse's plan).

- b) Early retiring employees not immediately commencing receipt of a College pension may elect to continue their basic medical and extended health\* benefit coverage through the College during the period preceding

receipt of pension (but in any event, not longer than five (5) years following retirement) provided that:

- i) written notification of the intent to continue these benefits is provided to the Employee and Labour Relations Department six (6) weeks prior to date of early retirement;
- ii) the individual maintains BC residency; and
- iii) the participant prepays all premium costs.

\*Coverage will be under a separate group for retirees at a reduced level.

## 22.7 Financial Counselling

Each faculty member who is offered an early retirement incentive is entitled to receive personal financial counselling conducted by a firm of qualified financial consultants selected by the College. A lifetime total of three (3) hours of consultation is available and the fees for such consultation(s) will be paid by the College. After obtaining the necessary Certificate of Entitlement from the Employee and Labour Relations Department, each faculty member will be free to schedule these consultations in whatever manner is most beneficial or convenient to that faculty member.

In addition, each faculty member who is offered early retirement incentive is eligible to attend one of several College-sponsored pre-retirement planning workshops held annually.

## 22.8 Implementation

The Association and the College agree to establish a standing committee comprised of two (2) representatives from each party which shall receive requests for early retirement incentive and make recommendations to the President for the implementation of this Article.

## 23. PROFESSIONAL DEVELOPMENT SUPPORT PROGRAM

### 23.1 Professional Development Funds

23.1.1 Two Professional Development Funds, a Professional Development Support Fund and an Education Leave Fund, shall be established to support professional development activities as defined in 23.2. On April 1st of each year, the College will allocate an amount equal to no less than 0.9% of total faculty salary (exclusive of severance payments) to the Professional Development Support Fund, and an amount equal to no less than 0.6% of total faculty salary to the Educational Leave Fund. Any unused balances in these funds shall carry over to the next budget year.

23.1.2 The College agrees to provide the Association with the authority to administer the program on behalf of the College for those activities approved by the College in accordance with 23.2, 23.4 and 23.5.

23.1.3 Nothing in this Agreement prevents the College from funding professional development activities in addition to those activities supported through the Professional Development Funds (23.1.1) in accordance with the procedures described in this Article.

## 23.2 Categories of Professional Development

23.2.1 There shall be two categories of professional development supported by the Professional Development Funds: educational leaves and professional development activities as defined in 23.2.2 and 23.2.3.

### 23.2.2 Education Leave Activities

Educational leave is a period of subsidized leave enabling a faculty member to be freed from regular responsibilities and to be provided with sufficient resources to enable pursuit of educational or professional development recognized as beneficial to the College. The welfare of the College and the professional competence of the faculty members are among the prime considerations of the Educational Leave Committee in recommending leave. Proposals should fall into one or more of the following categories:

- 23.2.2
- a) directed study through an educational institution (such study need not lead to a degree, certificate, etc.);
  - b) directed research at an educational institution, research body, government body, etc.;
  - c) study/work experience at a recognized company or professional association;
  - d) self-directed research/publication.

### 23.2.3 Professional Development Activities

Professional development activities are activities initiated by individual faculty members or groups of faculty members and may include attendance of conferences, workshops or seminars which facilitate the following:

- a) maintenance and enhancement of skills and knowledge as approved by the faculty member's department or required by a licensing body;
- b) adaptation to changes in teaching methods or knowledge required;
- c) preparation for career enhancement within the College;

- d) acquisition of expertise in the areas of college governance or management.

Professional development activities do not include the following:

- e) serving on departmental or College committees;
- f) assessing and admitting students to programs;
- g) performing necessary ongoing maintenance and updating of courses, programs and instructional resources.

### 23.3 Committees

23.3.1 The Educational Leave Committee (Adjudication Committee) is a committee of the Association and College Administration. Its membership shall be the President or his/her delegate, a Dean of Instruction or his/her delegate, a Division Chair, the Vice-President of the Association or his/her delegate, and a member-at-large of the Association nominated by the Association. The Educational Leave Committee carries out those functions described in 23.4.

23.3.2 The Professional Development Support Fund Committee is a committee of the Association selected according to means determined by the Association. The Professional Development Support Fund Committee carries out those functions described in 23.5.

### 23.4 Education Leave

#### 23.4.1 General

23.4.1.1 To qualify for educational leave, a faculty member must hold a regular appointment and must have completed five (5) years of full-time equivalent service with the College.

23.4.1.2 A faculty member shall not be eligible to be granted educational leave of more than a cumulative total of thirty-six (36) months as a faculty member.

23.4.1.3 Educational leave shall normally be of six (6) months' duration, or twelve (12) months' duration. Each six-month block of leave shall include five (5) months of duty time and twenty-two (22) days of vacation as defined in 8.1 of the Collective Agreement.

23.4.1.4 Approved educational leave shall be at the rate of 80% of salary and allowances.

23.4.1.5 Faculty members on educational leave may draw bursaries, grants, scholarships and/or salaries, which supplement their financial resources. Any compensation which, together with leave salary, would exceed 100% of the salary normally received if not on educational leave shall reduce the College's contributions accordingly. Travelling expenses or special allowances awarded under the terms of any scholarship or grant shall not affect the faculty member's salary.

- 23.4.1.6 During a period of educational leave, the faculty member's vacation and professional development entitlements, and all benefits shall accrue as if the faculty member were not on leave. (Premium contributions by the College and the faculty member for employee benefits will be continued during educational leave. The leave period will count in full for increments).
- 23.4.1.7 For the purpose of employee benefits and contributions to the benefit plans, the faculty member on educational leave is regarded as a full-time employee of the College (subject to carrier conditions). The College shall maintain its share as set down in this Agreement. The faculty member may make any additional employer and employee contributions required by the Pension (College) Act to ensure that the faculty member is credited with full-time pensionable service at full salary while on educational leave.
- 23.4.1.8 The faculty member within one (1) month of return to duty must submit to the President satisfactory evidence of having carried out the purpose for which the leave was granted. In the event of failing to do so, the faculty member shall refund the amount paid by the College during such leave.
- 23.4.1.9 On returning from education leave, the faculty member shall report on activities undertaken during the leave and submit to the President a statement of remunerations as set down in 23.4.1.5.
- 23.4.2 Long-Term Education Leave
- 23.4.2.1 Leave of more than six (6) months to one (1) calendar year shall be considered long-term leave.
- 23.4.2.2 In order to be granted long-term leave, a regular faculty member must be on a continuing contract or on an additional three-year regular contract.
- 23.4.2.3 The regular faculty member undertakes to remain in the service of the College for a minimum of three (3) years immediately following return from such leave, and in the event of failing to do so, shall refund the amount paid by the College to the faculty member during such leave on a pro rata basis.
- 23.4.2.4 Normally, a faculty member shall not be eligible for a subsequent long-term educational leave until a period of six (6) years has elapsed from the completion of the previous such leave.
- 23.4.3 Short-Term Educational Leave
- 23.4.3.1 Leave of from eleven (11) working days to six (6) months shall be considered short-term leave.
- 23.4.3.2 In order to be granted short-term leave, a regular faculty member must have served two (2) consecutive years with the College immediately preceding the commencement date of the leave.

- 23.4.3.3 The regular faculty member undertakes to remain in the service of the College for a minimum of one (1) year immediately following return from such leave. In the event of failing to do so, the faculty member shall refund the amount paid by the College to the faculty member during such leave on a pro rata basis.
- 23.4.4 Procedures for Educational Leaves
- 23.4.4.1 By November 15 each year, qualified candidates must submit proposals for educational leave for the following fiscal year to the Office of the President to be forwarded to the Educational Leave Committee.
- 23.4.4.2 By January 15, the Educational Leave Committee shall have considered all proposals for educational leave, shall have approved or rejected, in writing, each proposal for educational leave, shall have notified each applicant of the decision, and shall have forwarded its recommendations to the President for final approval. Approval or rejection of a proposal shall be based on the educational merits of the proposal and on the limits of the funds available. Such approval shall not be unreasonably withheld.
- 23.4.4.3 If the Educational Leave Committee rejects a faculty member's proposal, the committee must provide the applicant with reasons, in writing, at the earliest possible date. The faculty member has two (2) weeks in which to revise the proposal and submit this revised proposal for immediate reconsideration by the Educational Leave Committee. The committee must review substantial changes in the educational leave proposal, approve or reject them, and forward its recommendations to the President for final approval.
- 23.5 Procedures for Administering Professional Development Support Funds
- 23.5.1 Faculty members must complete and submit Alternate Duty/Leave forms for approval of leave and departmental funding by the appropriate individuals identified on the form. All professional development proposals must be approved by the appropriate Department Chair, who will forward them to the appropriate Division Chair, or appropriate Dean where there is no Division Chair, for approval of leave and department funding.
- 23.5.2 The Professional Development Support Fund Committee shall have the authority, on behalf of the College, to approve dispersal of funds in accordance with its Terms of Reference and with normal College accounting practices.
- 23.5.3 The Professional Development Support Fund Committee has the responsibility of preparing guidelines for the disbursement of the following:

- a) professional development activity funds through Division chairs, or the appropriate Dean where there is no Division Chair, to departments;
- b) funds for the use of the Langara Research Committee;
- c) supplementary funds to support short-term professional development activities.

23.5.3.1 Such guidelines shall contain reasonable time lines for the approval and dispersal of funds subject to 23.5.4 and 23.5.5, shall require that faculty members report on activities and provide statements of expenses, and shall include an internal accounting process which conforms to normal College accounting practices.

23.5.4 Faculty members whose leaves have been approved in accordance with 23.5.1 may apply to the Professional Development Support Fund Committee for supplementary funds to pursue professional development activities, such funds being in addition to those normally available from departments. The Professional Development Support Fund Committee will receive faculty members' applications for the use of supplementary funds, approve or reject them, and forward its recommendations to the President, who will authorize payment.

23.5.5 Professional development funds shall be used for, but shall not be limited to, such activities as attending courses and conferences, travel expenses and other activities acceptable to the Professional Development Support Fund Committee as described in 23.2.3. Such funds are not to be used for articulation expenses, replacement costs of faculty on approved professional development time or regular College business, for training or education required rather than authorized by the College, or for the purchase of supplies or capital items except where related to activities described in 23.2.2 and 23.2.3.

23.5.6 The Professional Development Support Fund Committee is accountable to the College and the Association. A year-end financial summary shall be provided to both parties. Either party has the right to request, in addition to the year-end financial summary, periodic financial statements and details of professional development activities funded.

## 24. CONTINUING STUDIES

24.1 The parties agree that a market-driven Continuing Studies program may have a valuable role to play in supporting and complementing the regular offerings of Langara College. Such an operation requires flexibility with respect to tuition fees; curriculum structure; methods, scheduling, cost and location of instruction; and other such matters.

24.2 The faculty of Langara College shall have a major role through their departments in determining educational standards and transferability for Continuing Studies offerings in the subject area(s) of the department.

- 24.3 This Collective Agreement does not apply to any employee engaged in Continuing Studies unless expressly stated in this article.
- 24.4 Where a course, or series of courses, offered by Continuing Studies has satisfied the following criteria:
- a) substantially similar content and similar degree of rigour in measuring student learning or
  - b) transferability
- to past or present Langara College or BCCAT courses or programs, such course(s) shall be instructed by faculty members under the provision of this Collective Agreement.
- 24.5 The College agrees that the number of sections taught by faculty members in a subject area will not be reduced due to the offerings of Continuing Studies in that subject area.
- 24.6 Where Langara College identifies new Continuing Studies programs or courses to be developed for offering, faculty members will be notified of an opportunity to submit proposals two (2) weeks prior to the College seeking external proposals.
- 24.7 Langara Continuing Studies courses and sections not covered by Article 24.4 will be offered first to qualified faculty members except in the following cases:
- 24.7.1 Where a person or faculty member develops a course without compensation, Article 24.7 shall be waived in the event he/she also instructs the course.
- 24.7.2 A course identified in the 1995-96 VCC/Langara CE brochures which is offered before December 31, 1996 and which is transferred from VCC CE to Langara Continuing Studies, shall be exempted from the provision of 24.7 as long as the incumbent continues to instruct.
- 24.7.3 Effective January 1, 1997, Article 24.7 shall be waived as long as the incumbent continues to instruct.
- 24.8 Where faculty members instruct Continuing Studies courses other than those satisfying the criteria in 24.4, they shall do so at Continuing Studies rates of pay.
- 24.9 The parties agree to the establishment of an Advisory Committee on Continuing Studies (ACCS) in accordance with the following:
- a) the recommendations of the committee will be consistent with paragraphs 24.1 to 24.8 above;
  - b) the committee shall have two (2) voting representatives from each party. Actual membership may include additional non-voting resource members from either party, by mutual agreement of the parties;

- c) the continuing mandate of the ACCS will be to provide ongoing recommendations to the President, with a copy to the Association, to address such issues from Continuing Studies as may arise;
- d) where the parties mutually agree, ACCS recommendations may form part of the Collective Agreement.

24.10 For the purpose of this article, the term "Continuing Studies" shall mean all offerings of the College other than regular offerings as listed in the Langara College Calendar or its supplements and available through L.A.R.S.

#### 25. JOINT LABOUR MANAGEMENT COMMITTEE

A Joint Labour Management Committee, with equal representation from the Association and the College Administration, will meet at least once each month (except perhaps for the months of July and August) for the purpose of discussing issues related to the College that affect the parties or any faculty member covered by this Agreement.

IN WITNESS WHEREOF the Board of Langara College has caused the name and seal of Langara College to be affixed hereto in the presence of the Chair of the College Board and the Bursar; and the Association has caused these presents to be executed under the hands of its proper officers duly authorized in that behalf the day and year first written below.

LETTER OF UNDERSTANDING

LANGARA COLLEGE  
and  
LANGARA FACULTY ASSOCIATION**

**RE: ADMINISTRATIVE DUTY TIME (ADT)**

**JOINT COMMITTEE**

1. A Joint Committee comprised of two (2) representatives from the College and two (2) from the Faculty Association shall be formed within one month of signing the Interim Agreement to assess the needs and to establish the criteria for the allocation of ADT.
2. Additional representatives to the Committee shall be mutually agreed to by both parties.
3. By mutual agreement, the parties may call in resource persons to assist them with the provision of information and advice.

**ADMINISTRATIVE DUTY TIME**

1. The College shall maintain the number of ADT sections currently allocated as per the October 19, 1995, document "ADT (Standard Sections) 95/6," based on the programs, services and organizational structure as of October 19, 1995, until altered by B2, B5 or B6.
2. In the event that prior to resolution of the issues per B5 or B6 below, the College determines that because of a change in the programs, services or organizational structure an alteration to the annual ADT allocation is required and meets the needs of departments/programs, the College will make such a change in the following manner:
  - a) the College shall, as soon as possible in advance, notify the Association in writing stating the reasons and the area of the proposed change;
  - b) the College shall engage in discussion and consultation with the Association on the intended change in an effort to minimize any adverse impact on the faculty and to explore possible alternatives. The College shall provide the Association with all relevant information in order to verify that the change is needed and that the College's proposed change meets the needs of the departments or programs;

- c) within ten (10) days of the date of notification of (a) above, the Association shall have an opportunity to present submissions to the College regarding the intended change;
- d) if after twenty (20) working days following the date of notification in (a) above, the College determines that a change is still required and meets the needs of the departments or programs, it will notify in writing the department(s) or area(s) affected with copies to the Association.

Any change as described above will be reviewed and, if necessary revised, in accordance with the annual ADT allocation, criteria and process resulting from B5 or B6. Should there be a reduction to a department's or area's annual ADT allocation between April 1, 1996 and the date of determination of criteria and a process per B5 or B6, and the results of such reduction are found not to be in accordance with the criteria established per B5 and B6, then the corrected amount of ADT shall be effective as of the date of the reduction, and the affected department shall be credited immediately with the amount owed.

3. The mandate of the Committee established in A1 above shall be to:

- a) analyze how ADT is used and how it should be used;
- b) provide recommendations to the parties by March 31, 1996 (or such other date as mutually agreed upon), on the allocation of ADT for 1996/1997, on criteria and a process for ongoing assessment, and on a mechanism for review and appeal;
- c) develop and review job descriptions for Division and Department Chairs;
- d) develop guidelines for an annual process to identify needs and provide training opportunities for Division and Department Chairs.

4. The criteria for ADT allocation shall be based on mutually agreed upon administrative duties and shall allow for specific duties in specific departments and for special or specific allocations which may occur from time to time.

5. Upon mutual agreement, the parties shall ratify the initial allocation, process, criteria for ongoing assessment and mechanism for review and appeal. Agreed-upon provisions shall be incorporated into Article 10.6.5 of the Collective Agreement.

6. Should a ratified agreement per B5 above not be reached by March 31, 1996 (or such other dates mutually agreed upon), the parties agree to appoint Jim Breckenridge as a mediator/arbitrator to resolve the issues in dispute.

**RE: BUSINESS ADMINISTRATION CERTIFICATE & PROPERTY MANAGEMENT COURSES**

Business Administration Certificate and Property Management Program courses as described in the 1995/96 VCC/Langara Continuing Education Program brochures are excluded from the Collective Agreement subject to the condition that additional courses or sections within these programs and satisfying the criteria in Article 24.4, beyond those identified in the 1995/96 VCC/Langara Continuing Education Program brochures, shall be instructed by a faculty member under the provisions of the Collective Agreement.

With respect to the aforementioned courses which are excluded from the Collective Agreement, the College agrees that a regular faculty member (employed at least half-time or more) will be assigned by the Business Administration Department Chair the responsibility of coordinating and monitoring the curriculum and ensuring adherence to educational standards consistent with regular offerings.

In order to allow the Business Administration Department to undertake this additional responsibility, the College agrees to allocate one (1) section of Administrative Duty Time per year (January 1999 to March 31, 2001). In addition, a further two (2) sections of ADT will be allocated on a one-time only basis during the life of the agreement, as determined by the Business Administration Department Chair, to provide additional assistance to the department with the initiation of this coordinating activity.

The total additional allocation in respect of this matter will be five (5) sections of ADT over the life of the agreement. Such allocation is exclusive of any ADT awarded through the yet-to-be-concluded ADT arbitration process, nor shall such duties associated with this activity be considered in the determination of ADT in this arbitral process.

The parties further agree that any instruction of the aforementioned courses that meet the criteria of Article 24.4 and which commence after March 31, 2001, shall no longer be excluded from the provisions of the Collective Agreement.

**GUIDELINES FOR EVALUATION**

The Langara Mission statement provides direction for the type of education provided for students and the ways that this education is provided at Langara.

“...Langara College provides flexible, innovative and student-centered education; develops a mastery of skills, analytical abilities, and creativity in its students; fosters tolerance, self-respect, and respect for the rights of others. It encourages the pursuit of knowledge through a multi-disciplinary and varied curriculum ... with a diversity of modes of delivery while integrating knowledge with practice, individual growth with social responsibility, and personal enrichments with skills development.”

It is in accordance with this expression of our institution’s purpose that an evaluation of the performance of the instructional and non-instructional duties of a faculty member is to be made.

This evaluation is made for the purpose of examining suitability for further appointment or for the continuation of appointment. The process of evaluation should provide a faculty member the opportunity to review suggestions from their evaluation committee and discuss methods for enhancement of their abilities and remediation of any areas where need for improvement has been identified.

### ***GENERAL PRINCIPLES FOR EVALUATION***

The Evaluation Committee is primarily responsible to assess the suitability of a faculty member for appointment by measuring and evaluating the degree to which the faculty member fulfills assigned duties, and the extent to which the faculty member is successful in the classroom and other areas with students. Measures of success include positive classroom atmosphere, proficient lecturing, questioning and other student-related speaking skills, facility at laboratory demonstration and the use of audio-visual aids, and effective communication with colleagues. For faculty whose primary areas of responsibility do not involve classroom instruction, departments shall define the appropriate comparable areas to be evaluated.

While the Evaluation Committee shall consider matters such as professional development and general service to the College and community, these must not be determining factors for a satisfactory evaluation.

In all instances where applicable to the normal duties of the faculty member, the Committee shall base its recommendations upon appropriate criteria of instructional, counselling, and library work with students. Satisfactory performance in these activities shall be the determining criteria for assessing suitability for further appointment or continuation of appointment.

**RESPONSIBILITIES OF THE EVALUATION COMMITTEE**

	ARTICLE
In accordance with Article <u>10.4</u> of the Collective Agreement:	
Faculty members holding Regular Three-year and Temporary appointments shall be assisted and evaluated by evaluation committees.	10.4.1
The evaluation committee has the responsibility of promptly alerting the faculty member to any criticism, either positive or negative, that may emerge from the performance of duties. It will be expected to take a strong interest in the professional development of the faculty member, to assist as much as possible, and to evaluate suitability or unsuitability for further appointment or for the continuation of appointment.	10.4.2
<u>Composition of the Evaluation Committee</u>	
In accordance with Article 10.4.1.1, the composition of the evaluation committee insofar as this is possible shall be the same as the composition of the recommendation committee which dealt with the selection of the faculty member involved.	10.4.1.1
In accordance with Article 10.2.2, the recommendation committee shall consist of the appropriate Dean's delegate, the Division Chair, where applicable, or delegate; the Department Chair, Assistant Department Chair, or Coordinator; named by the Department Chair (or the Division Chair where there is no Department Chair); two faculty members from the area involved, selected by the department; and one faculty member at large named by the Faculty Association.	10.2.2
